Review Estimate for Blattner Well Repairs

Tim Snyder – Presented estimate to repair Blattner Well. The cost is approximately \$90,960.95; this includes a pump rebuild and many new components. The Council spoke to Mtn Valley Motor and Pump, who is currently working on the well. After discussion and considering the high cost of the project, it was suggested that the matter be tabled until additional quotes can be obtained from other companies before authorizing the necessary repairs.

Council President Tessmer made a motion to table the matter until the June 23 meeting, Council member Reese 2nd. Motion carried.

At 7:55 pm the Council adjourned.
